Commonwealth v. James Gaherty
1529CR0443

Dear Attorney Levinson:

Please be advised that the District Attorney's Office has been provided with information concerning former Lee Police Officer Ryan Lucy. Lucy was a potential Commonwealth witness in the above-captioned criminal matter.

A Massachusetts State Police investigation revealed that following an ATV accident in June of 2014, Lucy became addicted to opioids being prescribed to him by his doctor. The Lee Police Department became suspicious of Lucy's behavior in July of 2016, and it referred the matter to the State Police at that time. Lucy entered treatment for his addiction on August 29, 2016 and resigned from the Department shortly thereafter.

As an evidence officer with the Department, Lucy had access to items seized and held as evidence in criminal cases and for other purposes. An audit of the Lee Police Department's evidence storage system was undertaken by the Massachusetts State Police Berkshire Detective Bureau assigned to this Office, with the assistance of the Lee Police Department. During the investigation, Lucy voluntarily agreed to be interviewed by investigators.

The investigation revealed that Lucy stole an undetermined amount of opioid medications from the Department's prescription "drop box" for unused or unwanted medications, and also stole twenty-two legally-prescribed oxycodone pills seized and held following a well-being check. The investigation also determined that no drugs seized pursuant to criminal charges had been tampered with or stolen. Lucy also stole a total of \$1408.00 in cash from the evidence room: \$208.00 from a lost and found case; \$80.00 seized during an investigation; \$150.00 from the already-disposed criminal case of *Commonwealth v. Dennis Gibbons* (1629CR00859); \$370 from the already-disposed criminal case of *Commonwealth v. Patrick Vonberg* (1629CR0196); and, \$600 from the

then-pending criminal case of *Commonwealth v. Luis Mercado* (1629CR0053) and *Commonwealth v. Luis Medina*, (1629CR0054). Lucy eventually returned all of the stolen cash amounts to the evidence case files, after he realized he was being suspected by other Department members, with the exception of the *Mercado/Medina* case. That money was reimbursed to the larceny victim by the Lee Police Association and Lucy, in turn, reimbursed the Association. No other missing or altered evidence was discovered beyond what is described above.

The case involving your client was not identified as being impacted by the actions of Lucy. This office is providing this information to you so that full disclosure of these circumstances has been made to all similarly-affected individuals.

Very truly yours,
